## Anamchara Faith Community

*. . . your presence. . . your passion . . . your service . . .*

Dear Soul Friends,

Even Judas had a role to play in God's plan!

It wasn't the most attractive and popular role. Maybe Judas would have liked Peter or John's role, but they had their own part to play--as do each one of us.

The Pareto principle, known as the 80-20 rule, a common rule of thumb in business, asserts that, for example, 80% of one's sales come from 20% of one's clients. In applying this same principle to churches, we learn that, in many cases, 20% of a congregation bears 80% of the responsibility for mission and ministry. It should come as no surprise that we are doing better than that.

And yet, we still must ask ourselves, are we a "Pareto" community or are we a gospel community with 100% participation? Faith communities rooted in the gospel are the living presence of the Body of Christ where each person has a place and has the opportunity to serve with passion.

Next Sunday, May 27th, we will celebrate the Feast of Pentecost when all the fruits of the Spirit will be called forth.

I invite you to place on the altar the fullness of your person, the power of your passion and the generosity of your heart. God will transform your life into a perfect offering of loving service.

Christ is risen, alleluia!
